Introduction

Iziyo security and cleaning services PTY Ltd was established in 2014 as a general supplier, logistics, grass cutting cleaning services and construction.
We are a 100% black owned company with two directors Yondela Tyawa, as well as Nobuhle C Lumkwana who are both actively involved in the business.
We are exceptionally passionate about what we do. We continually strive to ensure that the service we provide is a cut above the rest.
Our hands-on management approach is a fundamental practice entrenched in our values.
A South African based company which operates in all regions, we are dedicated to providing excellent security services by demonstrating innovative and automated security solutions to all our clients making the process seamless for our customers.

Be Honest
Keep your word.

Our mission

Iziyo Security Group is an organization of professionals, the company keeps pace with the latest and advanced technology Our mission is to safe guard our clients and to prevent crime in all sectors of society in South Africa our philosophy is to specialize in what we do, in order to grow our position in the markets.

Our vision

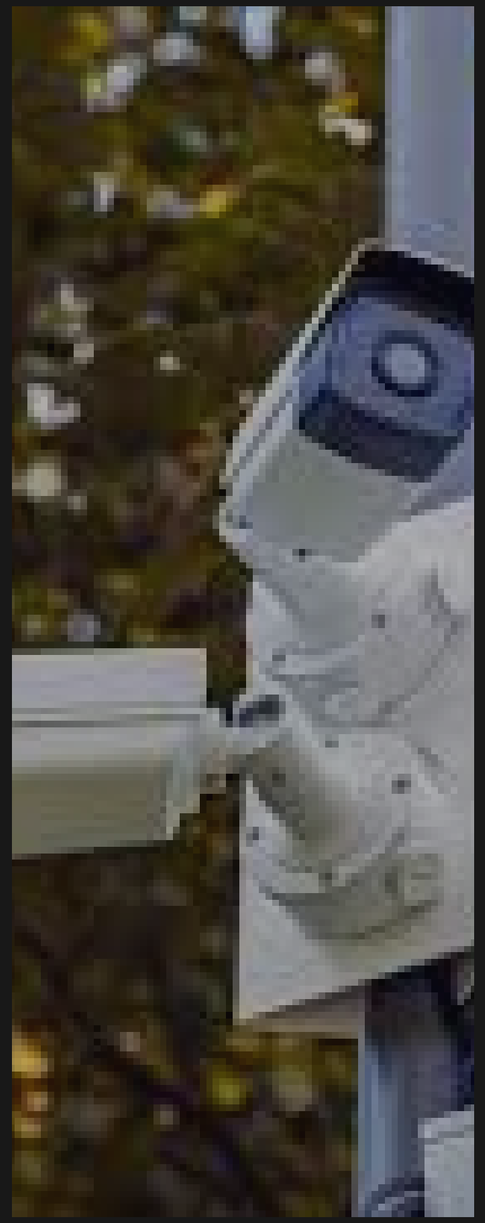
Be Kind
Do the right thing.

Our Values

Our values are professionalism, honesty, integrity, transparency, and accountability, with these values, we would be able to meet our vision of becoming a leader in the security industry and enhance the quality of life for our clients, employees, and community.How we behave and what we look like has a direct effect on our customers. Living out our values every day is what shapes and maintains our culture



WHAT MAKES IZIYO SECURITY SERVICES UNIQUE?

The company was founded with the simple principle of providing safety and security to all South Africans, creating employment and running a company which abides by the Corporate Governance principles.

Our Services

Iziyo Security Group provides security guarding services to schools, clinics, commercial, construction sites and residential sites. Our guards are extremely visible both day and night.
Strict control measures are in place and site visits by Director, Site Managers and reaction officer’s vehicles occur regularly during a shift, guards are in constant radio contact with our control room should incidents arise, our armed reaction officers in vehicles in the area can assist.

Our Services

We look at each and every security need based on the industry needs, the needs analysis would determine the output for the customer. We offer personal protection as well as VIP services The company prides itself on its experience and specialist expertise in VIP protection and the personal safety of it’s clients.

Our Services

GAURDING

Our guards are split into the main three categories which are patrol officer, access control officer and static officer. Each section is trained according to the PSIRA AND SASSETA regulations to ensure all administration standard processes are followed accordingly.

OFFSITE AND ONSITE MONITORING/CCTV Systems

Crime is increasing, the extra layer of security is no longer unreachable, this where the niche where offsite video giving real-time support in situations of duress and loss prevention via early detection and warning systems which provide peace of mind.

Why choose us?

Your supplier development strategy is one that we would complement as we are a growing entity which has a Level One BEE status and is fully black owned. The focus is on customer service and employee development, both these implements need a continuous balance in order to create a culture that allows our brand to promote your brand and growth strategy.

The old ways are imperative but human efficiencies can only be guaranteed by a process that do not depend on manual ideals. We are a company that believes that Integrity is what we should stand for, and standing for that value requires keeping to our promises
